

WILL M. SATHER

(612) 618 - 2133 • will@sather.ws • <https://sather.ws> • Boston, MA

Education

University of Minnesota – Bachelor of Computer Science (Class of 2022)

- Mathematics Minor, Business Management Minor

Eden Prairie High School, MN (Class of 2018)

Experience

(Broadcom) VMware Tanzu Labs

Software Engineer (I, II)

(June 2022 – Current)

- Full Stack engineer on client engagements enabling customers on modern engineering best practices while rapidly 'delivering working software in production'.
- Deliver high-quality, thoroughly tested software using Java, Spring Boot, and full-stack TypeScript for projects in E-commerce, finance, and healthcare industries.
- Practiced Extreme Programming (XP), Test Driven Development (TDD), Balanced Team methodologies, and Pair Programming with client engineers to improve software quality.

Ivanti

Junior Associate Software Engineer

(September 2021 – May 2022)

- Collaborated with a small team to build a cloud native application to integrate with Microsoft Intune to launch a new product offering within Ivanti Neurons cloud platform.
- Co-developed a RESTful C# backend, Angular micro-frontends, and configured the necessary Azure infrastructure to support a production launch.

Internships

Dell Technologies

Solutions Architect Intern

(June 2021 – August 2021)

- Developed a React Native, mobile application using Google Firebase and played a key role in software architecture: focusing on designing and deploying the necessary cloud infrastructure for maximizing observability, maintainability, and performance.

Ivanti

Software Engineer Intern

(May 2020 – August 2020)

- Implemented a diverse set of product features, bug fixes, and testing enhancements using C# for a third-party Microsoft SCCM plugin deployed on-premises.

Volunteer Experience

1609 Club – Committee Member

Phi Kappa Psi, MN Beta – Alumnus

Skills
